## COMPUTER ENGINEER

Irbid-Jordan| +962785367250 | [sanaatawalbeh0@gmail.com](mailto:sanaatawalbeh0@gmail.com) | [Linkedin profile](#)

### SUMMARY

---

Computer Engineer graduate with expertise in front-end and back-end web development, as well as database design and optimization. Skilled in designing and customizing user interfaces, implementing server-side logic, and creating efficient, secure databases. Quick to learn and adapt to new technologies, I thrive in fast-paced environments and seek opportunities to apply my skills to deliver high-quality, scalable web solutions and make a significant impact.

### EXPERIENCE

---

OYIL (Orange Yarmouk Innovation Lab)	Irbid-Jordan
Full Stack Web Developer	18/2/2024 - 18/6/2024
<ul style="list-style-type: none"><li>• <b>Built dynamic front-end interfaces</b> using modern technologies like HTML, CSS, JavaScript, and libraries such as Bootstrap and jQuery, delivering responsive and user-friendly designs.</li><li>• <b>Developed and maintained back-end</b> systems using C# and ASP.NET, leveraging the MVC architecture to ensure robust and scalable server-side logic for high-performance web .applications</li><li>• <b>Designed and optimized relational databases</b> using SQL Server and MySQL, implementing efficient data models, stored procedures, and indexing strategies to enhance query performance and ensure data integrity.</li><li>• <b>Integrated RESTful APIs and third-party services</b>, ensuring seamless communication between front-end and back-end systems..</li><li>• <b>Implemented user authentication and role-based access control</b> to secure applications, ensuring robust protection of sensitive user data and compliance with best practices.</li><li>• <b>Collaborated with cross-functional teams</b> to gather requirements, define project roadmaps, and deliver solutions aligned with business objectives.</li><li>• <b>Troubleshoot and resolved technical issues</b> to maintain optimal application performance and user satisfaction, continuously improving system reliability.</li></ul>	

### EDUCATION

---

Al-Yarmouk Univ	Irbid,Jordan
Bachelor's Degree In Computer Engineering.	2019-2024

## TECHNICAL SKILLS

---

- **Strong Programming Skills:** Proficient in C#, JavaScript, HTML, CSS, and SQL, with experience in frameworks such as ASP.NET MVC and libraries like Bootstrap. Skilled in writing clean, maintainable, and efficient code across diverse platforms.
- **Database Management Expertise:** Skilled in designing, implementing, and optimizing databases using SQL Server and MySQL, with a focus on secure and efficient data handling.
- **Front-End Development:** Proficient in creating responsive and user-friendly interfaces using HTML, CSS, JavaScript, and modern frameworks like React and Angular.
- **Back-End Development:** Experienced in building scalable server-side applications using C# with ASP.NET MVC, developing RESTful APIs, and integrating authentication mechanisms.
- **Version Control and Collaboration:** Expertise in Git and GitHub for version control, with hands-on experience collaborating in agile environments to streamline workflows.
- **Problem-Solving and Debugging:** Strong analytical and troubleshooting skills for identifying and resolving technical issues in both front-end and back-end environments.

## SOFT SKILLS

---

- Speed in Completion.
- Communication Skills.
- Teamwork.
- Time Management.
- Adaptability.
- Work Ethic.

## LANGUAGE

---

Arabic: Excellent.

English: Good.
